

LOCAL POST OFFICE IS TAKING ACTIVE INTEREST IN POSSIBLE PAY BOOST

Local postal employees yesterday joined hands anew with postal personnel throughout the nation in an effort to get a \$1000 annual raise in salary. They pointed to the fact that measures were before congress to give some assistance but accused congress of "unjustified" procrastination.

Congressman Cecil R. King, representing this district, has tried to push through two bills for \$800 annual increase but now has withdrawn his bills in favor of the \$1000 raise. If the raise is granted, it will be the second postal employee raise in 27 years.

Rubbish Disposal Program To Save Lands And Funds

Proposal to dispose of all rubbish and waste in Los Angeles County by a vast cut-and-cover project without burning for many years to come now is being considered by the Board of Supervisors. Torrance is considered in the project.

Presented by J. A. Benell, representing the Dominguez, Del Mao and Carson Estate Companies this method of waste disposal would restore hundreds of acres in the Nigger Slough area now eroded and below the contour level on which improvements are permitted.

LESS EXPENSIVE
According to Benell, the plan would be less expensive to the taxpayers than the present incinerator method and, at the same time, materially lower the cost to the county flood control district for permanent Laguna Dominguez channel work.

Dominguez Estates has entered already into a lease agreement with a disposal firm for restoring approximately 340 acres by the cut-fill cover method of rubbish and waste disposal, it was said.

Some 1000 acres would be involved in the project with approximately 600 acres of the proposed site located between Avalon boulevard and Main st., while another 400 acres lie east of Avalon.

AREAS LISTED
Ten highways from all directions provide routes for direct haulage to the cut-fill area from Long Beach, Torrance, Hawthorne, Inglewood, Compton, South Gate, Lynwood, Maywood, and all contiguous territory.

Benell suggested that county yards should be located beyond the cities indicated to equalize hauling distances for economy and quick disposal.

Present at the hearing while Benell unfolded his plan were Dr. Louis C. McCabe, air pollution control director, and Roscoe E. Shonerd, chief county mechanical engineer, and Superintendent Raymond V. Darby, board chairman, requested Benell to bring in specific figures on costs.

STUDY PLANNED
The proposal then will be submitted to a committee consisting of Dr. McCabe, Shonerd, William J. Fox, chief engineer of the regional planning commission, and Gen. Wayne R. Allen, county manager, for study and recommendation.

GENERAL PETROLEUM ACTIVITIES LISTED FOR WEEK OF MAY 7

For the week ending May 7, 1948, General Petroleum Corporation has 15 active drilling projects as follows:

- San Joaquin Valley 1
- Coastal Division 2
- Southern Division 1
- SAN JOAQUIN VALLEY 9
- McKittick District, Ninkovich No. 62-9 (Exploratory well). Drilling at 10,042'. (Hayes & Sprague, contractors.)
- Facetrack Hills, Charles No. 33-34. Total depth 4719'. Drilled 4700'. (Total 4683-4719'. recovered oily, gassy water. Swabbed 4999-4999' water with slight show oil and gas. Preparing to make a production test. (General Petroleum crew.)
- Midway Sunset, Moco-25 No. 222. Total depth 1800'. completed 6-248'. Initial production 75 barrels daily, 14% gravity, 10% cut. (General Petroleum crew.)
- Moco-25 No. 225. (New well). Drilling at 425'. Spudded 5-4-48. (General Petroleum crew.)
- Moco-25 No. 311. Total depth 1600'. 8-5% casing cemented 1052'. 6-5% casing landed 1650'. preparing to complete. (General Petroleum crew.)
- Sharktooth Field, Railroad No. 5. Drilling at 2412'. at 2439'. (Victory Oil Co., contractors.)
- COASTAL DIVISION
- Cat Canyon District, Los Flores No. 36-22. Grading and oiling road. (Santa Maria Drilling Co., contractors.)
- Padre Canyon, Padre No. 12. Drilling at 2664'. (General Petroleum crew.)
- SOUTHERN DIVISION
- Brea, Clinton (K. L. Kellough & Son, contractor.)
- Tommer No. 19. (New well.) Mat for foundation.
- Lawdale area, Powell No. 1. (Exploratory well.) Moving in equipment. (K. L. Kellough & Son, contractors.)
- Wilmington Field, Cestaholm No. 1. Total depth 7600'. redrilling at 3000'. (Powell Drilling Co., contractor.)
- Ford No. 54. Drilling at 2625'. 11-5% casing cemented at 2639'. (Victory Oil Co., contractors.)
- S. P. No. 24. (Old well.) Preparing to re-drill. (General Petroleum crew.)
- S. P. No. 31. Drilling at 2625'. 8-5% casing at 2639'. (General Petroleum crew.)

Three Lomita Youths Enlist In Air Force

The opportunities for training in various branches of aviation today prompted three Lomita youths to enlist for duty in the U. S. Air Force at the U. S. Army and U. S. Air Force Recruiting Station, Chamber of Commerce Building, Torrance. Enlisting were John Hardy, the son of Mrs. Lily Wood, 25213 Walnut street; Harold Langford, 18, the son of Mr. and Mrs. A. G. Langford, 2252 W. 241st street; and Gene Banta, 17, the son of Mr. and Mrs. C. W. Banta, 2452 250th street.

Prior to being assigned to a technical school for aeronautical training the men will go to the Air Force Processing Station, San Antonio, Texas for basic training.
